

Anoop S Nair

Full-Stack Engineer

India | anoopsnair321@gmail.com | +91 7034248006

[Portfolio](#) | [LinkedIn](#) | [GitHub](#) | [Leetcode](#)

Skills

- **Frontend:** React.js, Next.js, HTML5, CSS3, JavaScript, Tailwind CSS, Redux, Context API
- **Backend & Database:** Node.js, Express.js, NEST.js, MongoDB, MySQL, Redis, JWT Authentication, REST APIs
- **Mobile & TypeScript:** React Native with TypeScript, component-driven architecture, type-safe development
- **Tools & Deployment:** Git/GitHub, Postman, NPM/Yarn/BUN, Docker, AWS (EC2, S3, Lambda), OpenStack
- **Soft Skills:** Problem-solving, teamwork, agile methodologies, quick learner, excellent communication

Experience

Cloud Flex Technologies – Full-Stack Developer (Remote) Jan 2026 – Present

- Developing full-stack cloud-based applications using Nest.js and Next.js with a focus on scalable and modular architecture.
- Working on OpenStack-based solutions, integrating backend services with modern frontend systems.
- Managing development workflow using Jira, tracking tasks, bugs, and sprint progress in an agile environment.

MNE Components India Pvt Ltd – Graduate Engineer Trainee (Mumbai) Dec 2024 – Jan 2026

- Developed and deployed a responsive company website using React on Netlify; contributed to building a scalable Next.js version with backend integration.
- Managed ERP systems and provided technical support for QA lab and internal digital workflows, improving operational efficiency.

Schindler India Pvt Ltd – Customer Engineer (Mumbai) Mar 2021 – Dec 2024

- Worked on IoT-enabled elevator systems, handling installation, configuration, performance checks, and troubleshooting hardware–software issues including sensor faults and connectivity failures.
- Performed debugging, log analysis, and firmware checks to ensure system reliability, while collaborating with teams and clients to optimize workflows and minimize downtime.

Projects

QuizNest – Interactive Quiz App | React | Node.js | Express | MongoDB | JWT | Netlify: [link](#) | GitHub: [link](#)

Built an AI-powered quiz platform with JWT authentication and dynamic quiz generation; designed scalable APIs and optimized MongoDB schema for efficient data handling.

Hospital Patient Care Dashboard | React | Node.js | Express | MongoDB | JWT | Netlify: [link](#) | GitHub: [link](#)

Developed a role-based patient management system with secure authentication, appointment scheduling, search, and pagination for efficient data management.

CineSapiens – Movie Discovery Platform | React | Movie API | Netlify: [link](#) | GitHub: [link](#)

Built a responsive movie app with real-time API integration, implementing search, infinite scrolling, and trailer previews for enhanced user experience.

Certifications

- Full Stack Web Development (MERN) – Illinois Tech, US (Oct 2025) - React, Node.js, Express, MongoDB, APIs, Auth
- Full Stack Web Development (MERN) – Entri Elevate (Sept 2025) - End-to-end app development, Agile

Education

Savitribai Phule Pune University (SPPU) – Bachelor of Engineering in Mechanical
